Ceramic design icon

Symbols and geometric shapes are an important part in the decoration process

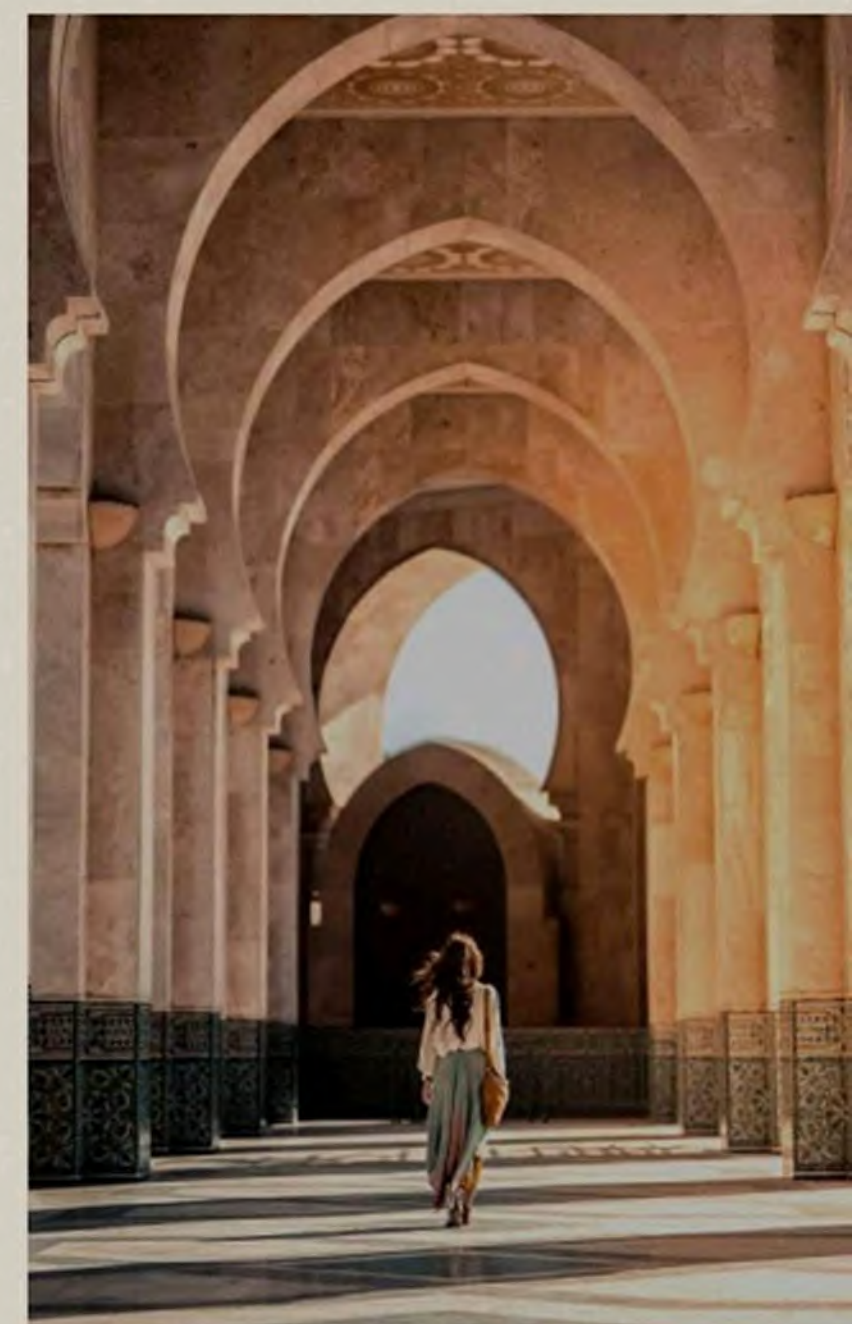

ERNATO suggests a set of retro allusion based on worn-out morocco designs full of geometric shapes and symbology able to fulfil any decorative styles.

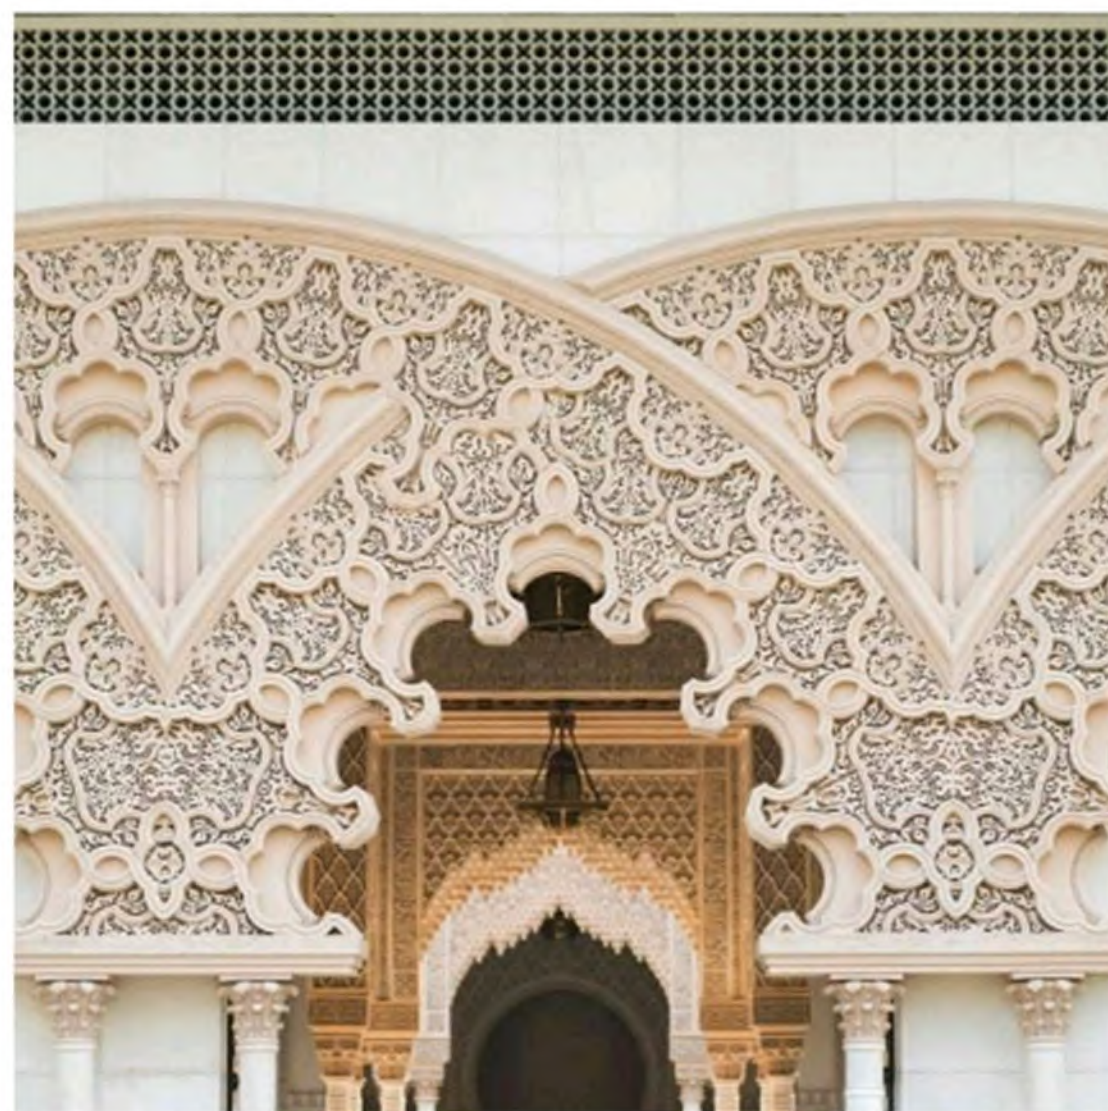

Craft Fineness Precision

During the design process, we were particularly careful in reproducing the handicraft effects through the latest technologies of ceramic manufacturing. Our goal is to keep the unique beauty of the craft imperfection while adding all the technical guarantees of a meticulously engineered process.

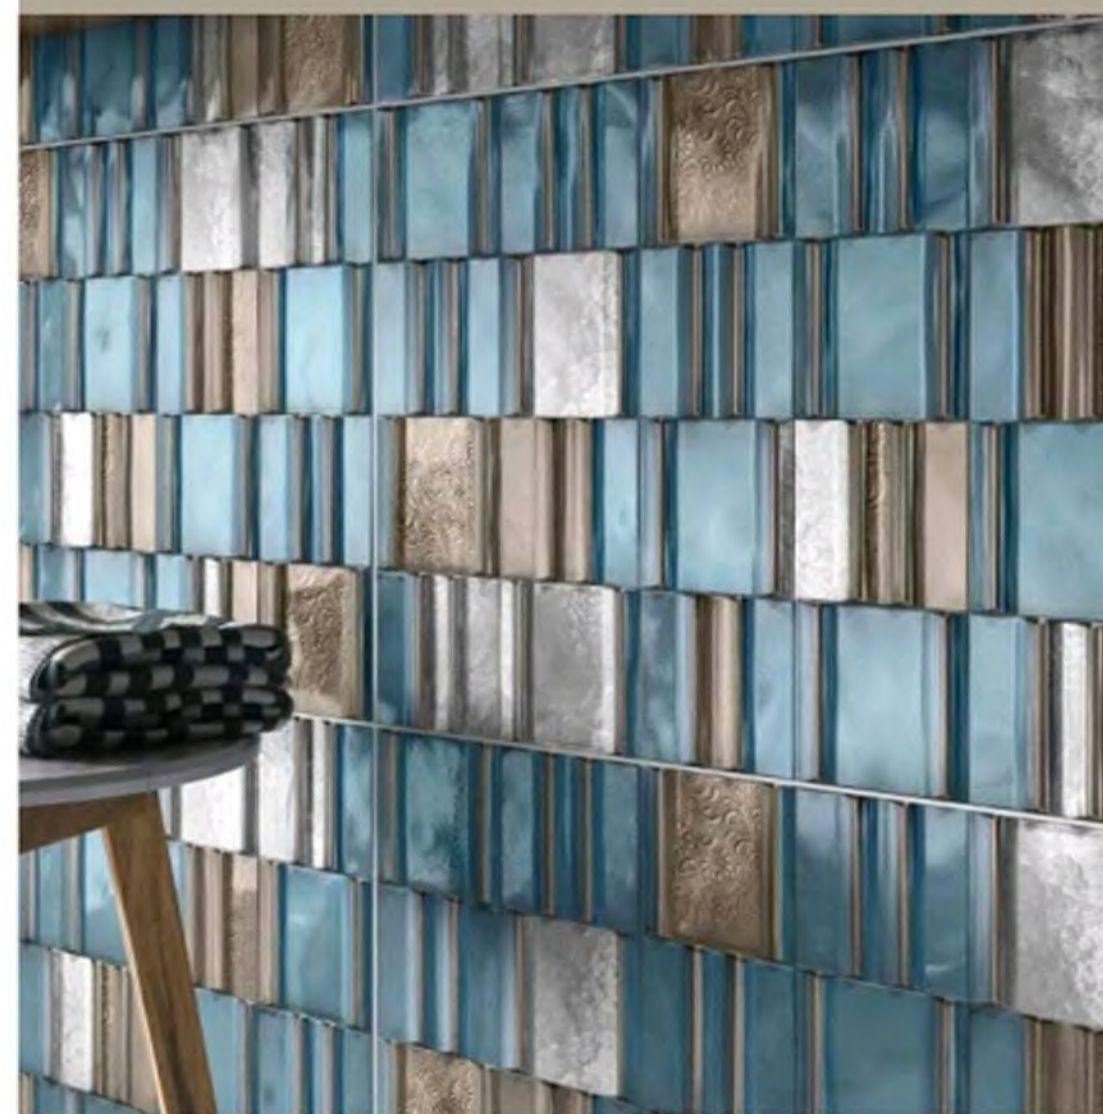

ERNATO

EXCEPTIONAL EXCELLENCE

The ceramic era inspired the idea of the glossy collection, which combines visual complexity the quality of the "aged" ornamental and the linear severity of the geometric de-cows. Soft beige and gray tones, a panel with a multi-layered floral pattern design and watercolor stripes of decorative elements everything is created to to create a calm yet brightly individual interior with interesting ac-cent parts.

LIVE THE EMOTION

The shades that comprise the Glossy series, thanks to their sobriety and naturalness, perfectly integrate with the contemporary style of home furnishing. The minute details that characterized the glossy collection are seen best in the three-dimensional structures decor; in the Wall 3D, for example, built from small bush-hammered, honed and sand-blasted pieces, or in the Rub decor, which with its worked surface, tells the story of the material quality of sedimentary stone. The Wall Caddle interprets an assemblage of tradition, which combines perfectly with the rest of the collection, thanks to its naturalness.
